## First Schedule

**2 No. Reasons & Considerations for Decision to Refuse Planning Permission Ref. P.2660598**

1. Having regard to the fact that the proposed entrance, boundary wall, gates and storage shed are ancillary to and associated with the use of an unauthorised dwelling and associated development on the site, which is currently the subject of enforcement proceedings under Ref. ENF23/069, and having regard to the refusal of planning permission for the dwelling under Planning Ref. P23/60113 and the subsequent refusal of retention permission by An Bord Pleanála under Ref. ABP-321257-24 (P24/60173), the Planning Authority considers that the retention of the proposed development, including an agricultural storage shed ancillary to the unauthorised dwelling, would serve to consolidate and reinforce existing unauthorised development on the site. The proposed development would therefore be contrary to the proper planning and sustainable development of the area.

2. Having regard to
   - the existing deficiency in the road network serving the site;
   - restricted width of the road;
   - restricted visibility and poorly aligned junction between the LT82013 and LS8203
   - the precedent that a grant of retention permission for proposed development associated with current enforcement proceedings ENF23/069 would create for other developments in the vicinity,it is considered that the existing road is unsuited to further development and additional traffic movements generated by the proposed development would endanger public safety by reason of traffic hazard or obstruction of road users. The proposed development would therefore be contrary to the proper planning and sustainable development of the area.

**Please note that the Site Notice shall be removed by the applicant following the notification of the Planning Authority decision under Article 31.**
